

# FESAus Christmas Technical Meeting

FESAus is proud to host our annual Christmas lunch and to present our 2015 Christmas Speaker:

## Location, location, Location: How to draw the line around shale gas/oil and tight gas!

**Mike Middleton**  
WA Department of Mines and Petroleum

### Presentation:

Declaring a location for a traditional discovery is relatively straight forward, but what happens with tight gas or shale gas accumulations?

### About the Presenter:

**Mike** is the General Manager or Petroleum Resources in the Petroleum Division of the Department of Mine and Petroleum (DMP), where he has worked since 2009. He has worked in industry, government and academia over the past 35 years. His technical background is in geophysics and petrophysics.
